

Speaker Biography

Maxime Puteaux

Senior consultant – Euroconsult

Mr Puteaux joined Euroconsult in 2012 and was appointed senior consultant in early 2017. He manages research reports and client-specific missions focusing on the industry aspects of the satellite manufacturing and access to space. His expertise covers small satellites, emerging applications and new entrants labelled as *new space*. In that regards he contributed to consulting missions covering space debris, mega constellation, new EO services, smallsat and small dedicated launchers.

Maxime is a recognized expert and is regularly invited as a panelist or speaker in various professional events. He is also regularly interviewed by news media to comment the evolution of the industry.

Mr Puteaux holds a Master of Law from the Institut du Droit de l'Espace et des Télécommunications (IDEST), South Paris University. He studied at McGill's Institute of Air and space law, Montreal through an exchange program. Mr Puteaux was also a participant to International Space University Space Studies Program held at NASA KSC. Mr Puteaux is the first recipient of the Space for Sustainability Award delivered by ESA and the European Interparliamentary Space Conference
