

Speaker Biography

Craig Clark

Clyde Space Ltd. , Chief Executive Officer

Craig has a BEng in Electrical Power Engineering from the University of Glasgow and an MSc in Satellite Engineering from the University of Surrey. After 11 years at a major space company in SE England, Craig returned to Glasgow and founded Clyde Space Ltd. Clyde Space is now one of the most successful suppliers of small satellites in the world, becoming a 'household name' in the space industry.

The company continues to grow and develop cutting-edge products for the space market, in particular in the area of tiny satellites called 'CubeSats'. Presently in its 12th year of trading, Clyde Space has over 80 highly skilled, full-time staff. Clyde Space launched Scotland's first satellite in July 2014. In June 2013, Craig was awarded an MBE in the Queen's birthday Honours list for his services to Innovation and Technology.
