

Speaker Biography

Morten G. Pahle

Managing Director – ViVet Limited

Morten was born in Norway and studied in the UK to achieve a B.Eng. with Honours in Aeronautical Engineering and a M.Sc. in Quality Improvement and System Reliability. He has more than 20 years' experience within Risk management of technological risks, 15 of which within Insurance.

After starting out as a reliability engineer, he made the change to the insurance industry in 2001. For a while he reverted to industry as the Insurance Risk Manager of Astrium Satellites (now Airbus Defence and Space) and in 2008 he established the Space Insurance line at Glacier Insurance (now Torus Insurance).

Morten set up ViVet in 2012 and started writing space risks from 1 January 2013. In his spare time he enjoys outdoor pursuits on the sea, on the land or in the air. He also enjoys his professional life.
